BioEnergy Code Reviews

Since the later seventies she has settled in London again, with Mark Pearce. Carter gives a modern twist to ten old tales like those of Bluebeard, Little Red Riding Hood and Beauty and the Beast.

Angela M. Carter Obituary (1968)

She learnt what it was like to be a woman in society; she was able to analyze British cultural and societal structuring and criticize it for all it was worth. She relished life and language hugely, and reveled in the diverse. The Snow Child re-telling of Snow White was particularly shocking and striking and stuck with me long after I finished the book not quite giving me nightmares, but not far from it.

Angela Carter

While many felt solid and focused, others I found wandering off in the recesses of style, with lengthy exposition and scene-setting, albeit masterfully written. It's so pretty that it seems fantastic. This is the kind of book you can read again and again, and always get something different out of it.
