Publications

A number of moral objections to amnesties have been raised. Moreover, some believe that you cannot forgive another until you have learned self-compassion and self-forgiveness.

Publications

In addition, several public figures spoke out in favor of forgiveness, thus modeling a way forward for the communities they represented.

Post

They help consolidate a communal understanding of history and provide a shared focus for emotions, such as grief or remorse. Only then they can start to work on ways of developing plans to repair the harm.

Publications

On December 20, 2001, was signed between the two conflicting parties, initiated by , officially concluding the conflict. The Forgiveness Project collects and shares real stories of forgiveness in order to create opportunities for people to consider, examine, and choose forgiveness in the face of atrocity. Some of them amputated hands, some of them slaughtered women, some split women open to see what baby was in their stomach; but at the ceremony most of them came forward and confessed and asked for forgiveness and we have forgiven them.
