When a child is born, something eternal has been made, something sacred has been reached. His first contribution is to father the children through their mother.

The history of the male menopause 1848

Dealing with delicacy and respect means attending to wounds and restoring hope and to rekindle trust in the other. Man reaches the age of reason and should dare to think for himself. If either he or she is physically incapable of this necessary function, there is impotency, but the marriage stands unless the condition were known to exist before the wedding.

Yet this, which is already a lot and is in itself a duty for the family, is not all.

The Christian Concept of Marriage

For example, who will pay for our pensions? Human society presupposes the family and the family finds its fulfillment in society. Families foster the solid bonds of unity on which human coexistence is based, and, through the bearing and education of children, they ensure the future and the renewal of society.
