Faith and Moral Development // Youth and Religion // University of Notre Dame

Studies conducted in recent years have explored these relationships, but the results have been mixed and sometimes contradictory. Here the same opportunities for moral and spiritual building and the same dangers to academic freedom are found as are suggested in the preceding paragraph.

Law and Religion: Law, Religion, and Morality

Since the 1970s, social scientists, philosophers, and theologians have widely accepted this contextualization of their work and have sought to explore its implications for their systematic thought Stout. Journal of Religion and Society. Jones dealing with spiritual insight.

Religion does not determine your morality

Religious and secular school students did not differ in moral reasoning level or in levels of cheating and lying.

Religion and the Moral Foundations of American Democracy

Each of the commentators acknowledge Mischey's contribution to research about identity formation, faith development, and moral reasoning development.

Religion and the Moral Foundations of American Democracy

Abstract: This article suggests that a society characterized by chronic social change and radical pluralism produces youth lacking a clear sense of identity and therefore of historical perspective, a continuity of meaning over time.
