Caste System Meaning Definition & Characteristics of Caste System

All those people who were doing the task of purohiths were superior and they were the ones who used to do specialization. It is because of media, education and modern means of communication available to the people. Although it is not as visible as it is among Hindus, caste is found among Muslims, Christians, Sikhs, Jains, and Jews.

Caste: The Origins of Our Discontents — Book Review

However, as Dalit leaders who supported the Muslim league such as Jogendra Nath Mandal from Bengal grew disillusioned with the Pakistani establishment and left, the Dalits became even more vulnerable. No maiden could be considered pure if she feels love for a man other than the one to whom she might be married.

Given this homogeneity as a basis, Caste becomes a problem altogether new in character and wholly absent in the situation constituted by the mere

propinquity of endogamous social or tribal groups. In 1950 many affirmative actions initiatives were taken by the Supreme Court of India. The avoidance of pollution through water, food or contact; use of temples; birth and death taboos; marriage rules; clothing and ornaments; language; houses; inheritance; travel.

Caste in India Its Nature Function and Origins

Kshatriyas initially achieved their status on merits of their aptitude guna , conduct karma , and nature swabhava. By way of criticism, therefore, I will take only those points common to all Castes in each of the above definitions which are regarded as peculiarities of Caste and evaluate them as such.
