

Stereocontrolled syntheses of some natural products and selected analogues.

University of Salford - (S)

Description: -

-Stereocontrolled syntheses of some natural products and selected analogues.

-Stereocontrolled syntheses of some natural products and selected analogues.

Notes: DSc thesis, Chemistry.

This edition was published in 1983

Other promising results showing anti-cancer, anti-tuberculosis, and antimalarial activities will be examined to determine if binding to the ribosome is the primary mechanism of action.

James Leighton

Because of a broad program to develop efficient synthetic routes to the didemmins, other cyclodepsipeptides have been chosen as the next targets. Synthesis of a pondaplin dimer and trimer.

Economical synthesis of 13C

Total synthesis of the 3,4 -dehydroproline analog of astin C. Synthesis of a reduced ring analog of didemnin B. Fieser, Mary Fieser, Tse-Lok Ho.

James Leighton

S - α -methyl, α -amino acids: a new stereocontrolled synthesis. Any synthesis is a test of the viability of the strategy and of the compatibility of the reagents.

Natural product

The Second Total Synthesis of Diazonamide A.

Scott A. Snyder Research Group

THE OSTEOARTHROPATIC SIGNS OF THE THALASSEMIA. Figure 3 Purification of Lysine Decarboxylase and Inactivation with a

Designed, Mechanism-Based Inhibitor In an exciting new development, we have turned the tables, and use enzymes to assist organic chemists in inventing new reactions through combinatorial catalysis.

Stereocontrolled syntheses of some conformationally restricted analogs of serotonin

Também colaboramos com grupos de química, biologia e bioquímica na síntese de moléculas que não existem no mercado ou que são completamente novas. Hopeahainol A Binds Reversibly at the Acetylcholinesterase AChE Peripheral Site and Inhibits Enzyme Activity with a Novel Higher Order Concentration Dependence. We have reported heterocyclic strained cyclooctynes SNO-OCTs that display unusual properties compared to other cycloalkynes typically used in biorthogonal labeling.
