Japan: Profile of a Nation. .

Kyōiku

Ōe, Moriyuki 1995 : Kokunai jinkō bunpu hendō no kōhōto bunseki—Tōkyō-ken e no jinkō shūchū puroseshu to shōrai tenbō Cohort analysis of population distribution change in Japan—processes of population concentration to the Tokyo Region and its future. Apart from this, however, there are only weak correlations between fertility and regional characteristics.

112026756

For example, in 1947, Whelpton foresaw that the US fertility would go down based on population projection, following exhaustive analysis of data including those from other countries Whelpton et al. .

. History of Demography in Japan.

The Demographic Challenge: A Handbook About Japan

Models for Vital and Migratory Events An essential aspect of population projection is to establish assumptions on future occurrences of the vital and migratory events. . Structure of the Handbook Research on population ageing is diverse, because ageing concerns the whole human being, both as an individual endowed with a mind and a body and as part of a collective of economic and political actors engaging in social interactions and negotiating cultural patterns of their everyday life and their conceptual universe.
