### Online Guide to Ethics and Moral Philosophy

Whereas the latter consists primarily of reflections on the history of philosophy, the former represents an attempt to apply his emerging theory of rationality to the critical analysis of contemporary society, in particular the student protest movement and its institutional target, the authoritarian

and technocratic structures that held sway in higher education and politics. Nor is it a strongly democratic position, such as David Held's version of cosmopolitan order. Actor A, for example, will thus appeal to B's desires and fears so as to motivate the behavior on B's part that is required for A's success.

### Ethics of democracy (1916 edition)

No man can ever be justifiable in resisting the civil law under the pretence that it is repugnant to the Divine law, when he has only his private judgment, or, what is the same thing, his private interpretation of the Sacred Scriptures, to tell him what the Divine law is on the point in question, because the principle on which he would act in doing so would be repugnant to the very existence of government, and therefore in contravention of the ordinance, therefore of the law, of God. Habermas defended this philosophical anthropology most fully in his Knowledge and Human Interests 1971b; German ed. The Recent Work of Jürgen Habermas, Cambridge: Cambridge University Press.

### Online Guide to Ethics and Moral Philosophy

But renewed interest in scepticism and virtue ethics, along with improved understanding of Hellenistic philosophy, has in recent decades stimulated intense discussion of his work yet again. Rather than moving abstractly among the several schools of jurisprudence in the twentieth century, I offer

you now the contents of a letter I received recently from a German inventor and industrialist who had read in the Bavarian magazine *Epoche* some remarks of mine on natural law. Whether or not the argument for U goes through, Habermas's discourse ethics depends on some very strong assumptions about the capacity of persons for moral dialogue.

### **Jürgen Habermas (Stanford Encyclopedia of Philosophy)**

Through the disciples of Burke, and through the influence of the Catholic Church, the classical and Christian natural law has experienced a revival in the latter half of the twentieth century. When determining a disputed boundary between two farms, a justice of the peace does not repair to theories of natural law and meditate upon which of two claimants is the more worthy of judicial compassion; rather, the justice of the peace turns to statute, common law, possibly to local custom -- and to the files of the recorder of deeds at the county seat.

### **Ethics of democracy (1916 edition)**

A clever person could phrase the maxim to be universalized in such a manner as to permit almost anything.
