The monks of Kublai Khan, emperor of China : the history of the life and travels of. Apart from isolated individual cases, neither Mongols nor Han Chinese were ever wholly integrated into the Manchu banners; even when formally included within a Manchu banner, their organization into separate companies was consistently maintained. Let us look at these elements of early Manchu ethnic construction one by one.

. Ultimately unable to maintain the integrity of the cultural framework of Manchuness to its satisfaction, through its timely reform of the banner system the court nevertheless managed to save the institutional bulwark upon which Manchu identity had come increasingly to depend. This was a major step.

Scrupulous attention to these matters is revealed in the qifenzhi sections of the Comprehensive History of the Eight Banners, compiled in the 1730s, which were based on lineage genealogies. Because they were relative latecomers and because they were Han, the Chinese bannermen never received equal treatment in the banners.
