The historical relationship between agrarian reforms and internal armed conflicts: Relevant factors for the Colombian post

Laura Enriquez studied this problem extensively while working in Nicaragua between 1982 and 1989, and in Harvesting Change she provides a unique analysis of the dilemmas of reform in an agrarian society. International institute for environment and development IIED.

Toward a Political Ecology of Migration: Land, Labor Migration, and Climate Change in Northwestern Nicaragua

The government had to listen to the campesinos who now constituted an important political voice. Justifications: The Agrarian Reform law emerges from the historical experience of Sandinismo. The new law attempts to increase the production of basic food stuffs while also increasing export production which brings in the foreign exchange so vital for Nicaragua.
