### General NGO Guidelines

Increases in debt servicing costs will further reduce the available fiscal space. The water to fill the canal's giant locks would come from the artificial lake, not from Lake Nicaragua. At the same time tolerance of tax avoidance and evasion will be at an all-time low, reinforcing the need for further progress in international tax co-ordination, led by the Inclusive Framework and Global Forum, to deliver strong outcomes for developing economies.

### The impact of the coronavirus (COVID

Indicators : should be used as targets, unless otherwise noted.

### Russia Overview

Furthermore, Egypt has coordinated closely UN agencies providing technical assistance in establishing the necessary mechanisms and sharing relevant tools to support the SDGs at the national level.

### Russia Overview

Please note that pursuant to U.

### Nicaragua Canal

Egypt increased its capacity to produce electricity by at least 15 Gigawatt of electricity using very advanced, sustainable and efficient technologies. Assistance activities should mainstream protection by analyzing the protection risks in relation to each specific programming sector.
