Funny, because before a few years ago, I'd only ever met one or two Kendras. That pleasure of a great plot that kept me on my seat from start to finish - that anticipation when I know I am getting close to reading time at the end of the day.

Shadow by Jenny Moss

Shadow over Avalon has it all. The first chapter opens with an Earth date of 3892. With this news, Doom, Lindal, and Steven returned to Del to inform the others.

Geeklists for The Quest for Shangri

Before Doom could stop her, she swallowed one of the cakes whole and died in Sharn's arms. Doom eventually discovered an orphan boy named and took him into the Resistance. It was fun to read knowing how they'd end up and knowing that it'd be such a great thing for Shadow who hasn't exactly had the greatest life ever.
