Living in Cape Town: Life in South Africa with Marie Frei

There is an almost bewildering range of societies and clubs engaging with international politics, single issues, the 'third world', social justice problems or just dedicated to sport, music, dance and a whole range of pursuits which we lecturers haven't got a clue about. Air quality Air pollution can have an effect on your health, on both a short- and long-term basis. New developments Are there any planned changes to the area that could negatively or positively affect you? Chapter 2: Where to Live in London as a Student Image Source: on London is ranked but it is a large city so where exactly are they staying? I worked in the travel industry and helped my company put together deluxe and luxury group tours all over the world.

'The jobs market in London is on another level compared to Ireland'

So I packed my one bag and off I went.

Working For Us

If you love to keep active, Southampton is a fantastic place to do it.

Moving to Southampton

If you feel like taking a trip to the beach, there is also a direct rail line to the popular coastal town of Brighton.

Living and commuting in LA (Los Angeles, Santa Monica: transplants, real estate, homes)

LSE assesses your fee status based on guidelines provided by the Department of Education.

Working For Us

Usually in shared houses all the bills are included water, electricity, internet, council tax so you just have to pay for the rent. Six months on, I check in with Gauthier: how are they getting on? Join us on social media for regular updates.

The great British chef shortage: why eating out is under threat

Maybe the location is more important to you than campus size or history. Hi Everyone, am Lucy from USA, This was how me and my Boyfriend became VAMPIRES.
