### Paul Gauguin Paintings, Bio, Ideas

Over the next ten years, they would have five children.

### Paul Gauguin Biography

As he progressed in his art, Gauguin rented a studio, and showed paintings in Impressionist exhibitions held in 1881 and 1882. He focuses less intently on the former and begins to concentrate almost exclusively on the latter, which he feels he has mastered. By 1884 Gauguin had moved with his family to Copenhagen, where he pursued a business career as a stockbroker.

### Paul Gauguin: Analysis of 50 Famous Paintings & Biography

Back in Paris, Gauguin moves in with Schuffenecker.

### Paul Gauguin

He arrives in Marseilles in very poor health on August 30.

### Paul Gauguin Biography, Life & Quotes

This was shown but, due to his late inclusion, not mentioned in the catalogue. He was somewhere in the Caribbean when he found out that his mother had died. In *The Yellow Christ* 1889, often cited as a quintessential Cloisonnist work, the image was reduced to areas of pure colour separated by heavy black outlines.

### Paul Gauguin (1848

A substantial part of his collection is displayed in the Pushkin Museum and the Hermitage.
