make a comparison between their bearers.

A Prolegomenon to Political Thought

In this timely and provocative book, Rosenblatt debunks the popular myth of liberalism as a uniquely Anglo-American tradition centered on individual rights.

Introduction

A second school of thought, cause lawyering, focuses on instances of lawyers' politics where lawyers identify explicitly with the values of their clients.

Partisan or Neutral?: The Futility of Public Political Theory by Michael White

It is not clear that different qualities of a single value can be compared. What we need, he argues, is not more independents among the general

Introduction

Accompanying the development of political liberalism are other conceptions of liberalism, including feminist liberalism and multicultural liberalism. It emphasizes civilian partisans and parties as membership groups. Insofar as the value of a right to free speech is irreducibly distinct from the value of pleasure, it seems that there is no common basis on which to

voting population, but more independence among partisan voters.

Responses on Political Theory, Idealism, and Extremism

This book distinguishes modern political liberalism from earlier manifestations of the concept, yet shows how contemporary liberalism is derived from a long-standing historical tradition that includes John Locke, Immanuel Kant and J. The quest continues for forms of rule which could bring sustainable development, accountable and effective governance, and also be authenticated and legitimated by a rooting in the African cultural heritage. My focus is on the long history and several faces of antipartyism, and why these positions are wrong, when they are wrong.

Michael J. White, or Neutral? The Futility of Public Political

Rich Forests, Poor People: Resource Control and Resistance in Java.

Michael J. White, or Neutral? The Futility of Public Political

This Tenth Edition continues to emphasize the link between recent world events and political ideologies by including updated coverage of the impact of nationalism, democracy, Islam, feminism, and the Green Movement. American parties have changed, however, and for the better: Formerly, they were almost exclusively based on personal loyalty and patronage. The critique has not been taken up widely.
