The form *ret Hreoum* represents lexical substitution in only one element of the name. At the Lány-Břeclav site in the Czech Republic, they found an inscribed animal rib alongside pottery of the Prague type, associated with the Early Slavs. Very soon, though, the Anglo-Saxons became well-acquainted with these newcomers and their practices.

Kirkeheim 1196, Kyrkheim 1246 Levisham YN PNYN92; SSNY 139; DEPN296 i. The first of these, implicit motor-matching, is by far the least persuasive, and in any case hardly relevant to the present investigation. Townend does at times underplay the difference between lexical meaning and sentential meaning and does not push queries that might show how misunderstandings could and did occur because of morphological or syntactic differences.
