Agriculture

This high dependence on farm animals has serious consequences.

Farm Finance Northern Ireland

In 2000, agriculture accounted for 2. Sources: The following tables provide further breakdowns of some of the agricultural statistics available for Northern Ireland.

Agriculture

We believe that we can develop agricultural and trade systems that meet our need for food without reducing these other benefits of farming. Output represents the estimated value of home-produced sales, including the value of inter-farm transfers and on-farm use see Appendix.

Food and farming in Northern Ireland

TIFF represents the return on own labour, management input and own capital money invested for all those with an entrepreneurial involvement in farming. In addition to these existing links, several organisations have proposed under the , with one possible site connecting the eastern part of Northern Ireland to.

Northern Ireland Agriculture
