Ramism — Wikipedia Republished // WIKI 2

Second, Kepler criticized the Aristotelian theory of light and he developed his own alternative metaphysics. Meerhoff examines his writings to determine the extent of Melanchthon's influence. This was the rationale of the Ramist method, which accordingly emphasized mnemonics and pedagogical technique at the expense of discovery and the advancement of learning.

Ramism

Frank Kennedy editors , The Jesuits: Cultures, Sciences, and the Arts, 1540—1773 1999 , p. The best known of Ong's theses is Ramus the post-writer, in other words the calibration of the indexing and schematics involved in Ramism to the transition away from written manuscripts, and the spoken word.

Kepler's optics without hypotheses

Paris: Honore Champion Editeur, 2005.

Kepler's optics without hypotheses

Diese Redewendung bezieht sich auf den zweiten Teil der Logik von Ramus Institutiones dialecticae.

Kepler's optics without hypotheses

Meyrueis, Paris, 1855 ; Peter P. Similarly the leading Lutheran Aristotelian philosopher resolutely rejected Ramus and opposed his visit to.
