### Homeschool Geometry Curriculum

Besides, the teachers are super clear and the exercises very useful.

### Geometry Curriculum

But I felt the need to leave a review for Mathhelp.

### Geometry Curriculum

I would highly recommend MathHelp! In the end for an old dude who hadn't studied in a long time I scored a 124 out of 150, enough to be able to select college Algebra. These were the areas I had struggled with previously.

### Kindergarten Math Curriculum Guide

Looking forward to acing the math section of the GRE. She has created content for kindergarten math, writing, reading, handwriting, and sight words. I placed past College Algebra and into Trig with the help of the course.

### Homeschool Geometry Curriculum

Essential Questions: How do we know when two geometric functions are congruent? I will also use your site as she prepares to take the PSAT next year. All around, we are very satisfied with this program! The teachings are a good pace and the most helpful thing are the links to previous lessons that remind you of building blocks you need for the current lesson. Your explanations were clear and well laid-out.

### MATHEMATICS CURRICULUM GUIDE GEOMETRY

This was useful for me so I could drill myself until I understood it.

### Kindergarten Math Curriculum Guide

All of the presenters did such an amazing job of clearly explaining the material, and the fact that you could speed the videos up and still really understand what they were saying was a game changer. The last time I studied math was over 7 years ago, so my math skills were almost non-existent until I found MathHelp. I really enjoyed the clear explanations in the videos! I am now ready to take college algebra.

### **Geometry Curriculum**

I took my PERT test this afternoon and got a 139! Most of the practice tests I took were very spot on. Unit 7: This unit, provided by New Visions for Public Schools, is about circles. The school required a score of 279 on the Quantitative Reasoning test to move on to the Accuplacer AAF.
