A wide-mouthed, spiral nautilus shell can double as a pearlescent vase for bedroom bouquets.

## Best Crafts to Make Using Seashell

It's just the right size to hold a pearl naturally or any of her other little treasures. Start by filling a tub halfway with sand. Thread them with leather cord for necklaces that are far more stylish than your average seaside souvenir.

You can make this possible by using a nautical map as the backdrop to your marine-like décor. If you're feeling even more adventurous, try your hand at adding free-floating fish to the aquatic display. Master this craft by gluing shells between the wires—tucking the heel of each under the one set before it.

After letting the shell dry completely, add epoxy glue to the night-light clip, and then press it onto the flat part of the shell. Let dry about five minutes before continuing with the next section. A shotgun is one of the most versatile firearms, allowing hunters to take down a huge range of game and providing a superb self-defense option for virtually anyone.
