Consent is not a requirement of purchase. And investment is the incremental increase in the value of capital property as a result of production activities of a certain period, that is, the use of that part of profit that has not been used for consumption KEYNES, 1999 Investments as a subject of special study in the economic science have become a problematic issue at the turn of the XX-XXI centuries. Its essence is in the fact that the drama genre is not just transformed from a non-dramatic or extra-literary genre.
