Benito Juárez

He was accused of being a traitor to Mexico, and Juárez sought the use of the law of 25 January 1862 that mandated death for traitors, a fate for Maximilian and two of his generals. In 2018, new five hundred pesos bills were released, also featuring the bust of Juárez.

By breaking up large landed estates, the government hoped that many Mexicans would be able to acquire property and thus create the middle class that it believed was essential for a strong and stable Mexico. Descendants of Juárez-Maza were born through the daughters' families, and the paternal surname was lost. Thanks to an ambitious remodeling project between municipal authorities and the Philips Mexicana Company, the Teatro Juarez and other historic buildings in the center of Guanajuato look more beautiful than ever, with special lighting that embellishes the facades and reduces the energy consumption of the town.

La sala de espectáculos corresponde al modelo de las salas europeas; tiene forma de herradura, con cuatro órdenes de palcos y localidades generales; su decoración interior es de estilo oriental, destacando el telón realizado por el artista francés Labasta, decorador y escenógrafo de la Ópera Cómica de París; se trata de un cortinaje plegado que recrea un fragmento del cuento de hadas El cuerno de oro de Constantinopla. He originally studied for the priesthood, but in 1829 he entered the Oaxaca Institute of Arts and Sciences 1827; now Benito Juárez University of Oaxaca to study and science. It replaced a semi-feudal social system with a more market-driven one.
