Locke on Basic Income

Therefore parasitism is not sufficient for exploitation or for 'wrongness'.

Right to Exploit: Parasitism, Scarcity, and Basic Income

Pickles to get away with a vicious trick he had played on the community of Bradford, England.

The right to exploit: parasitism, scarcity, basic income (2009)

If resources were to be more plentiful and assuming all initially to hold an equal and tradable share, then basic income would go down. As we may say: they will accept that they are bargaining from the natural distribution, but they will no longer accept MRC as a bargaining principle. All speculation about private property in external resources, and the way that it should be established, is made redundant by the proviso.

The right to exploit: parasitism, scarcity, basic income (2009)

If exchange at above m were forbidden or impossible the buyer would be better off. He need not deceive in order to exploit. I believe he misconstrues the implication of the Lockean proviso for such cases.
