The same series proves that Heizer did not shirk his campus and departmental administrative duties. Highly recommended for academic and public libraries. I've read many times of the oakdesk made from its timbers that became John Kennedy's favorite but it was news that the ship's bell was presented to President Lyndon Johnson by Prime Minister Harold Wilson as late as 1965! . He was promoted to professor in 1952, and continued to teach, write, conduct research, and direct field work with students until the end of his life. A significant portion is devoted to Heizer's administrative duties as director of the University of California Archaeological Research Facility, and as a member of many university committees.

His research interests ran the gamut: from Great Basin and California prehistory to human coprolite analysis; from Indian land claims cases to rock art; from historical archaeology to ancient methods of heavy transport. I don't think bands should make a habit of just remaking their old albums to fix perceived flaws, but I also can't argue with something this entertaining and imbued with passion. BIBLIOGRAPHY Dixon's own Voyage, as cited above; for a narrative that in part parallels Dixon's see the volume with an identical title published by Nathaniel Portlock in 1789.
