## Overview

However, it criticised the fact the board had not consulted national groups or patients before deviating from standard best practice.

## Clinical management of breast cancer in NHS Tayside: risk assessment of the Healthcare Improvement Scotland report

Phone your GP if you notice any changes to your breasts, such as a lump or swelling in your breast or armpit or changes in your nipple. This is called a technical recall, and can happen if breast tissue was missed or moved during the test.

## Clinical management of breast cancer in NHS Tayside: April 2019

NHS Tayside has accepted all the recommendations. Medics have insisted that outcomes for breast cancer patients in the Tayside region in relation to tumour eradication, relapse and survival are in line with other parts of Scotland, regardless of the different approach taken to treatment. We raise nearly all of our money through private individual donations, which helps to ensure our independence.

## EXCLUSIVE: Review of NHS Tayside breast cancer services will not be published due to 'conflict of interest'

However, it will take time to fully restore the service and there are new measures in place to keep you and our staff safe. © Ian Potter Cat was unable to walk, unable to get out of bed and unable to dress herself.

## Tayside breast cancer patients were 'treated differently'

ABOUT US Our mission is to be the destination of choice for cancer services in the eastern region of Central Illinois through our effective partnerships coupled with personalized care.
