How to deliver 'Global Britain': Five strategic priorities for Britain's new government

Its disruption through the impact of war would be a major disaster for civilization

and a triumph for the forces of brutality and materialism that threaten us with a new Dark Age.

How Foreign Malthusians Brainwashed America: Part 2

The Depression also exacerbated deep social, class and ideological cleavages that roiled domestic politics throughout Europe. If the decision of the British people in 2016 meant anything, it surely reflected their desire for democratic sovereignty.

British Foreign Policy and the Dominions

Given the re-emergence of great power competition, the Foreign Office should be afforded greater strategic direction over other dimensions of British foreign policy. During their coinciding tenure as heads of government, they only met on three occasions.

AS History

This contest for regional dominance is fueling escalating tensions and possibly could lead to war. The functioning of the system, however, only reflected the previous need.
