What in God's name happened to him? So I believe this was a choice the author made, to take this stand. In analyzing his past, Guy Jerald discovers that his own You know, this has been one of those books I go back to every decade to re-read. I thought there were entirely too many storms in this book.

Jerry — what the hell! Excerpted by permission of OPEN ROAD INTEGRATED MEDIA. I wrote him several letters after that, but he never replied. Married at age eighteen, Caldwell worked as a stenographer and court reporter to help support her family and took college courses at night, earning a bachelor of arts degree from the University of Buffalo in 1931.

Bright Flows the River on Apple Books

From the waist up, however, she projected the illusion of fragility, for her face was narrow, with a good if low brow, fair thin skin with a frail brushing of rouge, a small colorful mouth, small ears and chin, and a flippant nose. There isn't a single character I liked in this book.

Bright Flows the River: A Novel by Taylor Caldwell

We should be better at choosing their mothers. But this book criticizes all of that. Wasn't there a girl in Germany? During one of the most harrowing battles of World War II, Guy saved the life of fellow soldier James Meyer.

Bright Flows the River: A Novel

As a young reader I loved all Taylor Caldwell novels. Her legs were full of tendons and huge, and brown also. Rows of books lined the shelves, and many of them appeared well worn — Jerry's books.

Believe me, mate, one set of genitals is as cloying as another, and without imagination one female is a duplicate of millions like her. She had announced, with pride, that she and Jerry had two grandchildren now, and she had preened. Thus, they do not signify according to linear narrative, but according to these propositions—and the relation between them—which may be reconstructed by a careful comparison of images on the textual surface.
