## **The Question of the Polish Forced Laborer during and in the Aftermath of World War II: The Example of the Warthegau Forced Laborers**

Free-movement deals allow workers to migrate from countries where jobs are scarce to others where jobs are many, and where labour is in short supply. During the war period alone, approximately 27 million Europeans were forced to migrate, in the wake of first the German military expansion, and later by the Russian army advances Rubenstein and Bacon, 1990:84.

### **Europe and the great migration**

It appears that the state did not use forced population transfers as much as during its expansionist period. We urgently need to move beyond these shrill, faux debates, and explore the effects of migration more honestly.
