The León Cathedral and its stained

The windows at Rochdale were innovative in thought and design, individual in the representation of the interests of donors, regional in subject matter, and broadcast civic interests and ideals within public spaces. German stained glass found a market across Europe, in America and Australia. In Western Europe they constitute the major form of pictorial art to have survived.

They were made in France and installed in Sainte Anne de Beaupre in Canada. Definition of Gemmail Many famous works by late 19th- and early 20th-century painters, notably Picasso, have been reproduced in gemmail.

History of Stained Glass

Ultimately, the French Revolution brought about the neglect or destruction of many windows in France. This is similar to the better known and more complete head of Christ from the Abbey Church of Saint Peter, Wissembourg, Alsace c. I then chose an image off google and used that as a template for my design so I could see how it would look broken into pieces.
