Rifts® merges science fiction with fantasy, horror, heroic adventure, and other genres in a thrilling and plausible setting that will set your imagination on fire.

## Palladium Books®

Note: This is a different rule book than the expanded 376 page Rifts® Ultimate Edition RUE , but the original remains completely compatible with RUE and all World Books and sourcebooks. All of it adds to the growing list of Rifts and other Palladium RPG game titles available as PDF books, cards and support. The mug has an orange interior to add a nice splash of color.

Each new pencil is imprinted with much larger, bolder type, and a dynamic insignia image, and two change color! An RPG setting we call superhero horror. Only they know the truth: supernatural evil is real and dangerous. Dark conspiracy, a secret, demon invasion starting with world leaders and law enforcement, and it is spreading.

## Palladium Books

Both download and print editions of such books should be high quality. The player characters are the Nightbane®, reluctant superhumans who must turn into monsters themselves to unleash their powers and battle the evil that is clear only to them. Includes 50+ NEW psionic abilities with real punch, insight into the Dog Boys and Kill Hounds, meanings revealed about the Seven Dangers Prophecy first introduced in Rifts® Sourcebook 2: The Mechanoids®, and gadgets and implants, and surprises.
