### Le civiltà precolombiane

La civiltà Inca si sviluppò fino al 1532 quando gli spagnoli, guidati da Pizarro diedero inizio alla sottomissione di quel popolo e alla distruzione della loro civiltà.

### Diario di scuola: Sintesi delle civiltà precolombiane

Inca rule extended to nearly a hundred linguistic or ethnic communities, some 9 to 14 million people connected by a 40,000 kilometer.

### Pre

Estimates vary, but 30—50 million are often given and 100 million by some estimates.

### FuoriClasse: Sintesi sulle civiltà precolombiane

This is reflected in the oral histories of the indigenous peoples, described by a wide range of traditional which often say that a given people have been living in a certain territory since the creation of the world. Because many Christian Europeans of the time viewed such texts as , men like burned them, even while seeking to preserve native histories. Their existence was recently discovered by archeological findings.

### Le civiltà precolombiane

Nearly every war they fought in resulted in a Tarascan victory.

### Pre

Their capital, , is the site of modern-day . The term was coined in the 1930s and refers to prehistoric sites between the and the . Now, the scholarly study of pre-Columbian cultures is most often based on scientific and multidisciplinary methodologies.
