Innovative Training Solutions DLS eLearning training courses focus on the design and development of laboratory practice and training. DLS Training and Workforce Development Program The DLS Training and Workforce Development Program provides support and services that specifically focus on the design, development, distribution, and evaluation of state-of-the-art training courses.

# **NYS Online Courses**

For example, DLS is exploring gamification with OADLSS and the CDC Center for Global Health by developing interactive safety scenarios that allow CDC staff to demonstrate proficiency in critical safety skills.

# Welcome to TCEO

DLS Director, Reynolds Salerno, PhD, highlighted the accomplishments of the CDC Laboratory Safety Training Board in strengthening the culture of safety. Follow these to earn continuing education for the courses you have taken or conferences you have attended! CDC also continues to prepare laboratory professionals across the nation for the next emergency response.

# Welcome to TCEO

The DLS Training and Workforce Development Program is a valuable resource for CDC and clinical laboratories across the nation.
