I also sent you details about Tārīkh al-Ṭabarī that we have here in the library in Arabic and in English as well as tafsir Ibn Kathīr, which are the two main primary resources that most people refer to when dealing with the topic of Asbab al-Nuzul. Some features I can recall are the Astronomical Alignments and the variety of amenities available to their congregants and the community, such as health clinics, libraries and gymnasiums.
