DataCAD for Architects and Designers: Buehrens, Carol: 9780070089143: sdk.mavlink.io: Books

Clicking on a view name will immediately change the viewing position in the Object Viewer. Each enterprise is different, and may need a special Architecture Software solution that will be fit for their business size, type of clients and staff and even particular industry they support.

Welcome to Datacad

The second toggles the display of materials in sub-folders. Symbol Browser Show Nested A new option, Show Nested, has been added to the Symbol Browser's Options menu. Batch Rendering You can render multiple views all-at-once.

Welcome to Datacad

Why Best of the Web? Render Backface If surfaces appear to be missing from your model, you can check Render Backface to force the Object Viewer to render both sides of the material's corresponding polygons. Although the drawings that they can produce are not connected to the models, such process gives them the flexibility needed for creating construction documents. Save Screen Use the Save Screen option to save the current view to a bitmap on your hard disk in either, BMP, EPS, GIF, JPG, PCX, PNG, TGA, or TIF formats.

Best DataCAD

Setting this key to TRUE will cause DataCAD to send files to the Recycle Bin rather that deleting them. At first, you are prompted to enter the name of the master document that will contain the merged files.
