U.S. Fish & Wildlife Service

Since it does most of its foraging in yards it is vulnerable to the overuse of outdoor lawn chemicals like pesticides and fertilizers. .

Cornell Lab of Ornithology—Home

. It's recommended to arrive an hour before sunset to observe the massive flock of birds as they congregate above the cattail island. Netflix supports the Digital Advertising Alliance Principles.

Watchable Wildlife

Paid parking is available at any of the nearby surface lots as well as at Harbor Center - parking fees are not included in the boat trip cost. Whether you decide to go on the boat trip or not, please join the BOS family for a fun social brunch from 10:00am-1:00pm on Saturday the 18th. It's easy to join the effort of the New York State Breeding Bird Atlas III project.

The Lovebirds

Tifft includes ponds, cattail marsh, riparian areas and a grassland.

Little Birds (TV Series 2020â€")

View the for Watchable Wildlife events near you! The Harbor Queen has a capacity of 145 people but we are limiting the number of participants to 60. Where do migratory birds go? From here Jajean will decide which trails we will wander. Even if the boat trip gets weathered out, the Saturday brunch will take place rain or shine! We are proud of our extensive scientific research databases, our continuing involvement in environmental and conservation activities that impact birds, and our promotion of the enjoyment of ornithology.
