Günther Anders

Most of his later writings were variations on the arguments put forward in Die Antiquiertheit des Menschen. Anders published two major essays in exile in France during the 1930s where he delineated the arguments made in the lecture.

Günther Prien

On the Destruction of Life in the Era of the Third Industrial Revolution. The century that he devoted his life to analyzing had ended quite surprisingly.

Anders, Günther 1902

Beyond the intrinsic interest contained in the life of an individual, intellectual or not, serious analyses of major theorists and critics recover lost insights about particular eras, subvert existing parameters for what is considered historical knowledge, and bring forth new questions as much as they answer old ones. Adorno, Herbert Marcuse, and Ernst Bloch have earned a secure place in the American academy. This patrol, again Kraus served as 1st watch officer, started and ended in Kiel and targeted the shipping routes in the North Atlantic and the west of the.
