What is a Computer Technician?

Desktops typically offer a better bang for your buck compared with laptops, delivering more power and performance per dollar spent. If you want something more respectful of budgets, consider a mid-range GTX 1660 Ti or Radeon RX 5600 XT instead. For best performance, get a desktop with at least a 7,200-rpm hard drive or a laptop with a 5,400-rpm hard drive.

Best Computer Buying Guide

You can spec it up with powerful processors, but Dell also offers an affordable base model. The most common sizes are 19 and 20 inches. A Bureau of Labor Statistics report published in 2018 showed that, in the , a major employer of those categorized as Computer Operator was.
